LETTER FROM CONFERENCE AND WORKSHOP CHAIRS

Dear Friends and Colleagues,

We are pleased to invite you to join us in beautiful sunny Walt Disney World, Florida, for the 2019 AATOD Conference being held October 19-23, 2019, at *Disney's Coronado Springs* Resort. This conference is sponsored by the Office of Substance Abuse and Mental Health, Florida Department of Children and Families (SAMH/DCF) and the Florida Association for the Treatment of Opioid Dependence (FATOD).

Our theme, *Out of the Shadows: Managing the Opioid Epidemic through the Continuum of Care*, comes at a time when the nation is facing unprecedented loss of life due to opioid related overdoses. This is now our number one public health crisis and YOU stand on the front lines in our fight to cease the senseless loss and grow the quality, expertise, access, and reputation of Medication Assisted Treatment (MAT) across the continuum of care. Our intent is to educate and promote acceptance and integration of MAT options by patients, families, clinicians, the medical system, judicial systems, government, policy makers, social service administrations, and the general public. We will disseminate innovative, evidence-based initiatives and treatment techniques to better serve patients and providers, improve program development and administration, promote integration across the continuum of care, and enhance patient outcomes to assist communities in developing an effective response to this crisis.

The Workshop Committee encourages you to submit an abstract for a Workshop Session or a Poster presenting the latest programs, research, innovative ideas, and regulatory developments relevant to the field of MAT and highlighting innovative treatment techniques and evidence-based initiatives. We invite you to present effective and proven strategies to assist healthcare partnerships and collaborations by advancing your partners' understanding and acceptance of MAT for opioid use disorders as a crucial element to community wellness and response to the opioid epidemic. Proposals that focus on reducing MAT related stigma and discrimination are also encouraged.

There are a wide range of suggested topics listed in this call for proposals and it is our intent to attract submissions from multiple disciplines from across the continuum of care. However, the topics are "suggested" and selected abstracts will not be limited to the list provided. Our goal is to attract the largest and most diverse audience from around the world, including those not traditionally thought of as "in the treatment field." Our ability to successfully address such a wide-ranging crisis will depend on our ability to fully integrate MAT across the continuum with everyone onboard. "Hot Topic Roundtables" will offer the opportunity for these varying disciplines to meet and discuss the questions and controversies associated with the provision of MAT services and advancing AATOD's goal of greater consensus and advocacy for our field.

Please join us in sunny Florida to meet and engage with some of the leading experts from within the field and beyond. Walt Disney World offers some of the most amazing destination experiences and entertainment not only for you, but also for the whole family. Of course, there are numerous Disney and other resort venues to attend, but you can also go to multiple water parks, swim with dolphins, visit dozens of clubs, numerous shopping venues, and museum exhibits. We will be an hour from Port Canaveral (cruising), NASA, and the beach.

We invite you to submit a proposal and join us to help make the 2019 AATOD Conference the world's premier training and educational event. Bring the family and have one of the best family vacation experiences in the same trip.

Sincerely,

G. Davy Kneessy, MS
Conference Chair

Robert C. Lambert, MA
Conference Workshop Chair

CONFERENCE AT A GLANCE

DATE	TIME	EVENT
Saturday, October 19	7:30 a.m.–5:00 p.m.	Registration Open
	8:00 a.m.–5:00 p.m.	Pre-Conference Sessions
	5:00 p.m.–8:30 p.m.	AATOD Open Board Meeting

* Schedule subject to change.

CALL FOR PRESENTATIONS

- Address the issues and challenges of Medication Assisted Treatment for opioid use disorder in the context of improved access to care;
- Identify innovative strategies to expand and enhance the skills and the role of the behavioral healthcare workforce providing treatment;
- Contribute to the adoption of evidence-based practices within opioid treatment; and
- Build effective partnerships among and between organizations in developing new collaborative treatment models and recovery support services.

CONFERENCE OBJECTIVES

- To discuss the latest research and regulatory developments relevant to the field and critically evaluate the implications for patients, clinicians, administrators, and policy makers, in managing the opioid epidemic;
- To disseminate innovative and evidence-based initiatives to better serve patients and providers, improve program development and administration, and enhance patient outcomes;
- To promote strategies that assist healthcare partnerships and collaborations by advancing understanding and acceptance of medication for the treatment of opioid use disorder as a crucial element to community wellness and response to the opioid epidemic;
- To facilitate the collaboration between Opioid Treatment Programs and community partners in response to the heightened risks associated with the use of opioids;
- To strategize approaches to promote, support, facilitate, and integrate medication for the treatment of opioid use disorder into the judicial and penal systems, government, social service organizations, and mainstream medicine;
- To identify the long-standing misinformation and stigma and promote acceptance of quality, comprehensive medical treatment for opioid dependence throughout the continuum of care to effectively manage the nation's opioid crisis.

PRESENTATIONS AND WORKSHOPS

Workshop presentations are 90 minutes in length and may include up to three (3) speakers. In some instances, the Workshop Committee may make suggestions to combine presentations similar in content into one workshop.

If submitting for a poster, please note that the Poster Author Sessions are **Monday, October 21st from 7:30 a.m.–8:45 a.m. and from 3:00 p.m.–4:00 p.m.** It is mandatory that all authors are present at the Poster Board to discuss the poster and answer questions.

For questions or additional information regarding the Call for Presentations, please contact Robert C. Lambert, MA, Workshop Committee Chair, through Talley Management Group via e-mail to aatod@talley.com or call 856-423-3091.

INSTRUCTIONS FOR SUBMITTING A PRESENTATION

Visit the AATOD website at www.aatod.org and follow the on-screen instructions.

Deadline for receipt of Call for Presentations is January 18, 2019. There are no exceptions to this deadline date.

Out of the Shadows: Managing the Opioid Epidemic through the Continuum of Care

SUGGESTED TOPICS FOR WORKSHOPS AND POSTERS

Patient Care & Best Practices

We are requesting submissions on evidence-based innovative interventions and best practice models for treating opioid use disorders and concurrent medical and psychosocial issues within Medication Assisted Treatment (MAT) for opioid use disorder. We are also interested in submissions relating to special considerations or adaptations of treatment strategies for diverse groups such as LGBTQIA+, ethnic minorities, undocumented patients, youth, pregnant women, and our aging population. Additionally, our participants want to learn about ways to improve patient engagement and retention, end premature discharges, reduce stigma and discrimination, as well as holistic or new and alternative modalities for healing. Conference attendees are interested in both research and application/skill development-based presentations.

- *Innovative Opioid Treatment Program (OTP)/Office-Based Opioid Treatment (OBOT) treatment models*
- *Motivation enhancement therapies*
- *Cognitive behavior therapies*
- *Treatment for Cocaine, Benzodiazepine, Methamphetamine, Tobacco, Alcohol use*
- *Increasing retention*
- *Strengthening the Therapeutic Alliance*
- *Treating pregnant patients*
- *Treatment of co-occurring disorders*
- *Pain management and concurrent MAT*
- *Pharmacotherapy topics as related to addiction medicine*
- *Efficacy and utilization of MAT for opioid use disorder*
- *Methadone and Buprenorphine/Naloxone/Naltrexone: Differences, Efficacies, Coordination, transition between medications*
- *Medication induction, barriers to prescribing, safety profiles, risk/benefit analyses of various medications.*
- *Reducing stigma and discrimination in the community and among other medical professionals*
- *Integrating Advanced Practice Providers (NPs, PAs, etc.) into OTPs*
- *Utilizing technology to enhance treatment*
- *Use of telemedicine in MAT*
- *Peer support initiatives and best practices*
- *Integrating families in comprehensive MAT*
- *Ethical issues in MAT*
- *Integrating evidence-based practices and MAT*

Workforce Development

The field of behavior healthcare in general is facing a serious workforce shortage. Many administrators are looking for innovative ways to recruit and retain qualified staff. We are looking for proposals related to strategies to enhance and develop the MAT workforce.

- *Innovative staff recruitment techniques*
- *Staff retention strategies*
- *Enhance MAT counselor wellness and preventing burnout*
- *Innovative and effective models of Clinical Supervision*
- *Supervisor and leadership development*
- *Interface of Human Resources and clinical leadership*
- *Staff training and education initiatives*
- *Role of certifications and licensure*

Community Partners & the Continuum of Care

One of the conference's primary themes is integrating MAT with the continuum of care. Submissions that focus on building effective community partnerships are welcomed. We are requesting submissions on integration of MAT and effective models of working with the criminal justice system, drug courts, law enforcement, hospital emergency departments, and child welfare agencies as well as community outreach, community partnerships, and collaboration with primary care, other providers, and family members.

The research tells us that stigma and misinformation regarding MAT for opioid dependence are among the biggest barriers to patients accessing care. It is also often a barrier to service integration and building effective community partnerships. Presentations that focus on reducing stigma have been requested by conference attendees for the past several years.

- *Integrating MAT in the criminal justice system*
- *MAT and child welfare/protective services*
- *Integrating MAT and mainstream medicine*
- *MAT related educational initiatives*
- *Partnering with law enforcement*
- *Integrating community-based recovery supports*
- *Practical methods to reduce stigma and misinformation within the field and the community*
- *Working with negatively biased colleagues*

Public Policy/Regulatory and Financial Issues

This is an area that sets this conference apart from many others. We continue to invite submissions with a focus on improving public policy and legislative advocacy efforts, working with State Opioid Treatment Authorities (SOTAs) and other regulators all with a focus on improving access to treatment and patient care. With the ever-changing health care market and changes in funding, many organizations face daunting fiscal challenges. We are seeking submissions that address regulatory and funding changes as well as financial challenges.

- Working with legislators: effective strategies
- New funding for MAT initiatives
- DEA and other federal regulatory changes
- SAMHSA initiatives
- Innovative state initiatives and regulatory reform
- Maximizing MAT reimbursement in an ever-changing healthcare environment
- Innovative funding mechanisms
- Navigating the current health insurance environment
- Innovative solutions for challenged budgets
- Utilization/Productivity management and use of technology to optimize reimbursement
- Topics related to accreditation

Opioid Abuse as a Public Health Crisis and Overdose as an Epidemic

We are requesting submissions on overdose management, innovative prevention, interventions, assessment and education around opioid misuse risk and potential for lethality, as well as other risk issues such as medication safety profiles, monitoring tools or strategies for opioid prescription use safety.

- Effective medication risk management initiatives and protocols
- Diversion control strategies
- Effective overdose prevention and management strategies
- Fentanyl and the overdose epidemic
- Innovative prescription monitoring initiatives
- Risk management strategies in an increasingly litigious environment
- Harm reduction initiatives
- Public health initiatives combating the opioid epidemic
- Innovative outreach and community initiatives

Registration for the American Association for the Treatment of Opioid Dependence, Inc. (AATOD) 2019 Conference can be completed online by visiting the AATOD website at www.aatod.org or by completing the registration form on page 11 and faxing it to 856-423-3420, or by mailing it to:

AATOD 2019 Conference Registration
 c/o Talley Management Group, Inc.
 19 Mantua Road
 Mt. Royal, New Jersey 08061

If faxing your registration, DO NOT mail the original form; doing so may result in duplicate charges to your credit card!

HOTEL INFORMATION/RESERVATIONS

DISNEY'S CORONADO SPRINGS RESORT

1000 West Buena Vista Drive, Lake Buena Vista, FL 32830
 Tel: +1 407-939-4686*
www.mydisneygroup.com/aatod2019

Sleeping rooms have been reserved for attendees at a conference rate of \$219 single/double occupancy for non-tower rooms and \$269 single/double occupancy for tower rooms. This reduced rate is available until Monday, September 23, 2019, subject to availability. Reservation requests received after the cut-off date of Monday, September 23, 2019 will be based on availability at the hotel's prevailing rates.

To reserve a room at the group rate, please click on the link in the Conference section of the AATOD website or contact the hotel directly by calling their reservation line at 407-939-4686. **Please be sure to reference the American Association for the Treatment of Opioid Dependence or AATOD Conference.**

*Note: the "+1" is intended for international recipients.

REGISTRATION INFORMATION & FEES

You may register online at www.aatod.org by clicking on the ONLINE REGISTRATION LINK or by completing the Registration Form and mailing or faxing it to the address provided.

You may register two or more from an Agency through the AATOD website.

Full Conference Registration *	1 person from an agency	2-49 from an agency, each	50+ from an agency, each (request discount code)	Single Day Registration**
Early Registration: Thru January 31, 2019	\$495.00	\$470.00	\$450.00	\$275.00
Standard Registration: February 1, 2019– September 19, 2019	\$535.00	\$510.00	\$450.00	\$275.00
On-Site Rates: September 19, 2019– October 21, 2019	\$620.00	\$620.00	\$620.00	\$325.00

* Includes: Admission to Pre-Conference Sessions (excluding Clinicians Course and CMA Training), Welcome Reception, Plenary Sessions, Workshops, Continental Breakfast, and Awards Banquet.

**Does NOT include Welcome Reception or Awards Banquet

Splitting of conference fees is not permitted. Only one discount per conference participant is allowed, including the presenter's discount.

Group Discounts do not apply for the following categories:

- Clinicians Course**\$275.00
- Additional Awards Banquet Tickets**\$95.00
- Additional Welcome Reception Tickets**\$50.00

Information included in this publication is subject to change.

CME/CEH FEES

These fees are not included in full conference registration fee

- Physicians \$55.00
- Physician Assistants/Pharmacists/Psychologists. . . \$50.00
- Nurses/Social Workers \$45.00
- Counselors \$35.00

CONFERENCE RECORDINGS

AATOD has contracted to have all conference sessions recorded. Order the recordings in advance and save. You can purchase all pre-conference sessions or all workshop sessions in advance for \$125 each or save even more and buy both sets for \$200.

SPECIAL NEEDS

The American Association for the Treatment of Opioid Dependence, Inc. wishes to take steps to ensure that no disabled person is excluded, denied services, segregated, or otherwise treated differently than other individuals because of the absence of auxiliary aids and services. If you require any auxiliary aids or services identified in the Americans with Disabilities Act, please indicate so during the registration process.

EARLY REGISTRATION ENDS JANUARY 31, 2019

Welcome to Florida

THEME PARK CAPITAL OF THE WORLD

Orlando is one of the world's most visited family destinations, and while its illustrious themed attractions may steal the limelight, with a vibrant and well-kept city center and a climate that averages around 75° Fahrenheit, there are a surprising number of things to experience here. Let us guide you to some of the highlights you might want to plan for during your stay.

For the 2019 AATOD conference, you will be nestled in "The Happiest Place on Earth" at one of Disney's world-class properties, *Disney's Coronado Springs Resort*. From this central location and within close distance, you have four amazing Disney parks to explore; Magic Kingdom® Park, Epcot®, Disney's Hollywood Studios® and Disney's Animal Kingdom®, which was recently updated with new nightly attractions including Pandora—the World of Avatar.

Looking for other options for nearby entertainment? You won't need to go far with the newly imagined Disney Springs being the place to be for shopping, dining and entertainment (plus no park ticket required!). Some fun activities we recommend if you head to Disney Springs: enter the world of Star Wars with a virtual experience at the Void, go bowling down memory lane at Splitsville, or ride a vintage amphicar near the Boathouse. Want to get out for a lively bite or beverage at Disney Springs? There are 60 dining options! Our favorites: Chef Morimoto of Iron Chef America offers Pan-Asian cuisine at his beautiful new restaurant in Disney Springs, try a flight of acclaimed

wines with Master Sommelier George Miliotes at Wine Bar George, or curve your craving for gourmet chocolates at the Ganachery.

Orlando is the perfect destination for unique experiences! Want to feel what it is like to enter the world of the most famous wizard? Head to Universal Orlando for The Wizarding World of Harry Potter™.

Too wildly imaginative and expansive to be contained by any one theme park, The Wizarding World of Harry Potter is split between Diagon Alley™ at Universal Studios Florida™ and Hogsmeade™ at Universal's Islands of Adventure™, with the Hogwarts™ Express connecting the two. Before you know it, you'll be casting spells, quaffing Butterbeer™, going to a Quidditch™ match and even facing off against Voldemort™ himself.

For up-close animal encounters and pulse-pounding rides, SeaWorld® Orlando's main theme park has you covered. SeaWorld's famous, family-friendly live shows have it all: from the titular stars of Dolphin Days and majestic killer whales of One Ocean and Ocean Discovery, to the hilarious antics of Clyde and Seamore's Sea Lion High and the cast of dogs, cats, ducks and even pigs of Pets Ahoy, these performers will leave you thoroughly amazed and entertained. You can also get close to SeaWorld's stars via animal encounters throughout the park. Make friends with a dolphin or journey to the newly created Antarctica for a penguin expedition.

Named one of Travel + Leisure magazine's "25 New Tourist Attractions Worth Adding to Your Bucket List" when it opened in 2014, downtown Orlando's Dr. Phillips Center for the Performing Arts produces more than 300 shows every year. The lineup includes Broadway productions, performances by Orlando Ballet, chart-topping musicians, marquee comedians, family entertainment and much more. Also downtown, SAK Comedy Lab features live improv theater that's heavy on audience participation. Check their websites to see the line-up during your stay.

Conveniently located just 20 minutes away from your hotel, International Drive, aka I-Drive, is bursting with one-of-a-kind attractions, vibrant dining and nightlife. A unique activity recommended for team building and fun memories: I-Drive has five "escape room" attractions that can accommodate eight, 10 or larger groups of players. Tackle the mystery together and solve the puzzle to escape! Whatever you're craving, you'll find it on I-Drive, many of the dining locations include entertainment from live shows to dancing on the tables!—Tapa Toro Tapas Bar & Paella Pit, Tin Roof, Yard House, B.B. King's Blues Club, Lafayette's and Taverna Opa, among others. I-Drive is a great place to dance the night away—thanks in large part to Mango's Tropical Cafe. With enough space for 2,000 revelers, Mango's boasts one of the best dinner shows in Orlando, as well as fantastic Latin flavors, multiple bars, live DJs and plenty of dance floors for you to get your groove on.

Described as "The Epicenter of Awesome," Universal CityWalk (no ticket required!) offers restaurants, retailers and fun at the nexus of Universal Orlando® Resort's theme parks. It's also home to some of Orlando's tastiest dining options. Two of the entertainment district's most unforgettable choices are the steampunk-influenced Toothsome Chocolate Emporium & Savory Feast Kitchen and one-of-a-kind fusion at The Cowfish Sushi Burger Bar. You'll also discover several themed restaurants, including Hard Rock Cafe, Bubba Gump Shrimp Co., Jimmy Buffett's Margaritaville, Antojitos Authentic Mexican Food, Bob Marley—A Tribute to Freedom and Hot Dog Hall of Fame.

Unique during this time in October, Epcot's International Food and Wine Festival is in full swing. It's a spectacular celebration of global cuisines, music and more as you visit each unique travel inspired destination. If you are getting into the Halloween spirit, keep it light with Mickey's Not-So-Scary Halloween Party (adult trick or treating and the parade are not to be missed) or SeaWorld's Halloween Spooktacular. Want more of a scare? Universal Orlando's Halloween Horror Nights features more haunted houses, scare zones, and shows to get your scream on (plus the lines for rides are a lot shorter after hours!) Finally, Orlando's downtown streets come alive with an interactive, multimedia celebration called IMMERSE, attracting more than 1,000 visual artists and performers from all over the world to Orlando.

As you can see, there is something for everyone in Orlando. So bring your inner child and stay an extra day or two. Take this opportunity to increase your knowledge at the conference, re-energize with great ideas, meet new friends and carve out some time to enjoy the action! AATOD and the Conference Hospitality Committee welcome you to Orlando!

Submitted by 2019 AATOD Hospitality Committee

For more information about everything there is to see and do in Orlando, go to www.visitorlando.com or reach out to the Hospitality Committee.

CONTINUING EDUCATION CREDIT

Applications to award Continuing Education Credits will be submitted for the following specialties:

- Addiction Professionals
- Counseling
- Nursing
- Physicians
- Social Work

Opioid Maintenance Pharmacotherapy: A Course For Clinicians

Sunday, October 20, 2019
8:00 a.m.–5:30 p.m.

Additional Fees Apply—For more information visit www.aatod.org.

The course is recommended for clinicians who have an interest in increasing their knowledge of medications to treat opioid use disorder (OUD) and the updated curriculum includes guidance for best practice treatment for OUD.

Topics include an overview of opioid use disorder, epidemiology, opioid pharmacology, evidence-based treatment options, patient assessment/selection, special populations, induction and maintenance protocols, pain management, drug-to-drug interactions, adverse effects, methadone deaths, managing medical/psychiatric problems, drug testing, regulatory issues, an accreditation update, risk management, and an overview of other medication modalities.

While the course is primarily intended for clinicians with limited experience in using medication for OUD, it also provides updated information for more experienced clinicians. Participants will receive a comprehensive syllabus with reference and resource materials. To further integrate the educational objectives, participants are encouraged to discuss challenging problems and clinical issues to facilitate understanding of didactic principles.

Experienced opioid treatment program Medical Directors will conduct the program, focusing on the goal for participants to acquire the essential knowledge and skills necessary to deliver safe and effective medications for opioid use disorder.

The \$275.00 separate registration fee includes course materials, morning coffee service and afternoon luncheon.

Sponsored by the American Association for the Treatment of Opioid Dependence, Inc. (AATOD)
