Northeast Group on Educational Affairs (NEGEA)
2020 Annual Conference

Adaptive Education: Teaching for Learning and the Public Good
April 30- May 2

Note: Thursday-Saturday (with pre-conference activities on Thursday morning).
Larner College of Medicine at the University of Vermont

Call for Abstracts

General Overview

The NEGEA invites abstracts for interactive workshops, oral abstract presentations, small group discussions, and posters for the 2020 annual conference. Proposals may represent original research or innovations in medical education. Abstracts can focus on any level of medical education (UME preclerkship or clerkship, GME, CPD, faculty development, or across the continuum).

All abstracts must be submitted online no later than 11:59pm (EST) on October 31, 2019. Proposals should be submitted online here.

The submission site will begin accepting submissions in late August.

We recommend that you prepare your proposal in a word processing application and then paste each component into the corresponding online section.

An abstract submission is considered a commitment to attend the meeting and present if accepted. Abstract decisions will be sent to the first author by the beginning of January 2020. All abstracts will undergo a peer-review process by at least three reviewers. Students, residents, fellows, and new investigators are strongly encouraged to submit their work.

For more information, please contact:
Conference/Host co-chair: Kathryn Huggett, PhD (Kathryn.Huggett@med.uvm.edu)
Conference/Host co-chair: Bridget Marroquin, MD (bridget.marroquin@uvmhealth.org)
Abstract chair: Christopher Mooney, PhD, MPH (Christopher_Mooney@URMC.Rochester.edu)
NEGEA chair: Janine Shapiro, MD (Janine_Shapiro@URMC.Rochester.edu)
Session Types

Research in Medical Education Abstract Proposal

Purpose: Includes works to promote dissemination and discussion of completed research and its application to medical education.

Time/Format: Submissions will be peer reviewed and selected for either poster or oral presentation. Presenting authors should be familiar enough with the project to discuss relevant literature, present findings and answer questions. Oral presentation is a short overview of the research, with a 10-minute oral presentation given by no more than two presenters, followed by a 5-minute question-and-answer period. Session moderators will keep presenters to 15-minutes to ensure all presenters have equal time. Poster presenters are expected to be available to discuss their research with session attendees at the poster session [Date: Thursday April 30, 2020].

Proposals are limited to 300 words and must include:

- Research statement/research question
- Background and relevance of the study
- Design and methods
- Results
- Conclusions

Required but not included in 300-word count:

- Title
- Author(s) and affiliated institutions
- References

Proposals will be reviewed using the following criteria:

- Clarity of research statement/question
- Strength of background and relevance of the study
- Strength of research design and methods
- Relevance of results
- Soundness of conclusions
- Clarity of writing

Innovations in Medical Education Abstract Proposal

Purpose: Includes works to promote dissemination and discussion of educational innovations.

Time/Format: Submissions will be peer reviewed and selected for either poster or oral presentation. Presenting authors should be familiar enough with the project to discuss relevant literature, present findings and answer questions. Oral presentation is a short overview of the innovation, with a 10-minute oral presentation given by no more than two presenters, followed by a 5-minute question-and-answer period. Session moderators will keep presenters to 15-minutes to ensure all presenters have equal time. Poster presenters are expected to be available to discuss their innovation with session attendees at the poster session [Date: Thursday April 30, 2020].
Proposals are limited to **300 words** and must include the following components:
- Objective or purpose of innovation
- Background and/or theoretical framework and importance to the field
- Design: Instructional methods and materials used
- Outcomes
- Innovation’s strengths and limitations
- Feasibility and transferability for adoption

Required but not included in 300-word count:
- Title
- Author(s) and affiliated institutions
- References

Proposals will be reviewed using the following criteria:
- Clarity of objective or purpose
- Clarity of learning objectives
- Strength of background and/or theoretical framework and importance to the field
- Strength of evaluation design (methods and materials)
- Relevance of outcomes
- Awareness of limitations (reflective critique)
- Clarity of writing

**Workshops**

**Purpose:** Workshops are skill-oriented, interactive experience for learners which will allow them to take home specific knowledge and skills.

**Time/Format:** 75 minutes for the workshop by 1 or more presenters. It is expected that the workshop activities will include hands-on practice and/or active learning for a good portion of the workshop time.

Proposals are limited to **500-word abstracts** and must include the following components:
- **Rationale:** Why the topic is important, its timeliness, and its relevance to medical education
- **Learning Objectives:** What participants will know or be able to do as a result of this session
- **Session Methods and Format:** Indicate amount of time to be allocated to each speaker or element of the program. Describe the format of the session and the methods that will be used to engage participants.
- **Experience:** In one sentence per speaker, describe the experience of the speaker(s).

Required but not included in 500-word count:
- Title
- Author(s) and affiliated institutions

Proposals will be reviewed using the following criteria:
- Importance, timeliness, and relevance of topic
- Clarity of learning objectives
- Clarity and appropriateness of session format and method (reader knows who is doing what)
- Appropriate format and methods to engage participants in session
- Interest potential
- Clarity of writing
Small Group Discussions

**Purpose:** Small group discussion topics may address administrative issues, curriculum, evaluation, assessment, or professional development. Presentations demonstrating collaborative work from multiple departments or institutions are especially encouraged.

**Time/Format:** 75-minute sessions which include a brief focused presentation by 1 or more presenters followed by exchange between the presenters and the audience. Ample time for questions and comments from the audience, and responses by the presenters should be included.

Proposals are limited to **500-word abstracts** and must include the following components:

- **Rationale:** Why the topic is important, its timeliness, and its relevance to medical education
- **Learning Objectives:** What participates will know or be able to do as a result of this session
- **Session Methods and Format:** Indicate amount of time to be allocated to each speaker or element of the program. Describe the format of the session and the methods that will be used to engage participants.
- **Experience:** In one sentence per speaker, describe the experience of the speaker(s).

Required but not included in 500-word count:

- Title
- Author(s) and affiliated institutions

Proposals will be reviewed using the following criteria:

- Importance, timeliness, and relevance of topic
- Clarity of learning objectives
- Clarity and appropriateness of session format and method (reader knows who is doing what)
- Appropriate format and methods to engage participants in session
- Interest potential
- Clarity of writing

**Note about ratings for all abstract types**

**Rating Scale for each criterion:**
1=Poor   2=Below Average   3=Average   4=Above Average   5=Excellent

**Overall Decision:**
Accept *(this is an excellent proposal, strongly support it being in the program)*
Accept with Reservations; Please explain: *(this proposal has strong qualities but is missing some important elements, would include in program only if space permits)*
Reject; Please explain: *(this proposal lacks many important elements, do not support it being on the program)*

**Additional information:**
- System will collect submitter's contact information, presentation title, content domain, key words, intended audience, abstract type, as well as co-author contact information (including email)

**Helpful Resources:**

- **Institutional Review Board (IRB) Consideration:** While IRB review/approval is not required for regional meeting submission, it is encouraged that the IRB is consulted when starting research or scholarly projects. The Academic Medicine Last Page, **Primer for Submitting Health Professions Education Research to the IRB**, is a helpful resource for navigating your IRB. Access the Academic Medicine Last Page
- **Abstract Composition:** **AMEE Guide no. 108: Writing competitive research conference abstracts** is a helpful resource for writing research abstracts. Access the guide on PubMed
