

SUBMISSION GUIDELINES

CAPITALIZING ON HERITAGE Paper Presentations

Authors are encouraged to submit abstracts that fit within the 7 broad thematic tracks. Potential topics are listed but the abstracts do not have to necessarily fit these example topics, just the track. Case studies must include what the author(s) has learned from this case study and why it is relevant to the conference.

Highest consideration will be given to abstracts that:

- present compelling ideas;
- are relevant to the conference theme and/or tracks; and
- present new and/or cutting edge information.

In addition, technical abstracts should

- contain original research; and
- make a significant contribution to the body of knowledge in heritage conservation / preservation.

Submission Requirements

Each abstract should be:

- a 20-minute presentation by one speaker;
- 450 words or less;
- include a short (100 word) biography; and
- indicate student or professional status.

Please note opportunities for a 7 minute Spark presentation¹ will also be available for Tracks 5,6, and 7.

Requirements for Selected Presenters

Each presenter must:

- Confirm acceptance of the invitation to present;
- submit a preliminary outline of his or her presentation before June 9, 2017;
- if requested, submit a revised version of his or her presentation by September 1, 2017;
- register for the conference at the reduced speaker rate on or before September 10, 2017;
- submit a final PowerPoint presentation by September 29, 2017; and
- participate fully in the conference.

Note: Capitalizing on Heritage discourages more than one presenter for each 20-minute presentation. If a co-presenter is approved, he/she must register at the full conference member/non-member rate.

Publication

All papers presented at the conference will be considered for publication in post-conference issues of the APT *Bulletin*. APT and the National Trust reserve the right to publish all accepted abstracts on their websites and with conference registration materials.

¹ *Spark Presentation (7 minutes)* – Inspired by the “Pecha Kucha” presentation style, the goal is to quickly raise important issues and generate dynamic conference sessions.
