

## **Group on Women in Medicine and Science Call for Posters**

Theme: Advancing Women in Medicine and Science

**Deadline to Submit: August 7, 2022, 11:59 pm PST**

The following fields are required when submitting poster information. Compiling the materials ahead of time expedites the submission process.

- Poster Title (*short succinct title, up to 100 characters*)
- Poster Author(s) and Co-author(s)
- Short Description (*up to 100 words*). Please provide a short thought-provoking poster description.
- Poster Abstract (*up to 500 words, please include the following elements*)
  - Background, Aim/Hypothesis
  - Methods, Results and/or Outcomes
  - Conclusions/Implications
  - Areas for Follow-Up and/or Additional Study

### **Submission Examples**

Potential submission examples might include, but are not limited to:

- Innovative methods (educational, research or clinical) to foster advancement
- Mentoring programs
- Institutional career symposia
  - Interprofessional/interdisciplinary collaborations
- Departmental collaborations or interventions
- Interinstitutional/professional society collaborations
- Collaborations that include trainees (students, residents, fellows, post-docs), faculty, and/or institutional leaders

### **Review and Selection**

The Committee will review and select posters based on the following criteria:

- Fits with the theme of the poster call (*Advancing Women in Medicine and Science*)
- Clarity of writing and organization of ideas
- Ideas have potential to be adapted to other sites or programs
- Creativity and originality
- Significance for academic medicine and science

### **Notifications**

Notification of acceptance will occur in August.

### **Conference Fees, Travel, and Lodging**

All poster presenters are responsible for conference registration fees and securing and paying for travel and lodging. *There are no discount fees available.*
