POSTER CONTENT GUIDELINES

As you prepare your poster for presentation, please keep the following guidelines in mind:

1. Ensure that the names and credentials of all authors are correctly spelled and listed in the correct order. The poster abstracts will be published in the Conference Proceedings section *Neonatal Network:® The Journal of Neonatal Nursing*. Because abstracts are due so far before the conferences, we often go back to the poster itself to ensure we have the correct author(s) and credentials.
2. For research abstracts, be sure and include categories as outlined above.
3. Proofread your poster to ensure that each sentence makes sense and all words are spelled correctly.

All presenters are required to register and attend the full conference. **All poster presenters will be responsible for their own travel and all expenses related to their presentation.** Primary poster presenters receive a \$50 discount off main conference tuition. *This discount is offered to the primary presenter only and cannot be combined with any other discount.*

DEADLINE

Abstracts for poster presentations are due **January 31, 2020.**
