Tips & Best Practices

- **Prepare your submission in advance!** – Read this guide in its entirety and collect all your session information and speaker information before beginning the submission process.
- **Avoid the Number One Complaint** – The number one complaint from session attendees is that session content does not match the description and learning outcomes. Therefore, take time to finalize session content before submitting your proposal.
- **SWE prioritizes diversity** – We encourage participation by speakers from backgrounds that are underrepresented in engineering and technology.
- **Seeking Submissions in Leader Levels 3 (Performing) & 4 (Transforming)** - SWE is actively looking for and encourages you to submit Performing and Transforming level content.
- **Merge Sessions** - It is common for SWE to receive multiple proposals on the same topic, so be sure your session has a unique perspective. If not, speakers may be asked to merge their session with another session with the same topic.
- **Submit session in final state!** - Changes cannot be made once the CFP Submission window closes.
- **Bias-free language** - Use [bias-free language](#) as articulated by the American Psychological Association; See the Publication Manual of the American Psychological Association style, 7th edition, Chapter 5 for tips about how to reduce bias.
- **Ask for reviewers** - Ask an experienced colleague to review your proposal before you submit it to ensure it is clear, concise, and enticing.
- **Presenter limits** - To provide a diverse exposure to speakers, a speaker will only be selected for one session (panel discussions may present special cases).
- **No sales pitches** - Proposals are more likely to be selected if they do not include organization names because it flags the session as a “sales pitch.”

1. *** Title** (5 points) – The title is evaluated on being concise and capturing interest (limit to 10 words).
2. *** Format** (0 points) - Select the Breakout Session format that provides the appropriate time and number of presenters, and the best learning experience to achieve the learning outcomes.
 - o **Important:** If you are uncertain which format to choose, please view the [WE25 Breakout Session Schedule](#) to get a sense of the types of sessions that tend to be selected in each format. Do **not** duplicate your content across multiple formats (e.g., creating two essentially identical submissions, but one is a Lecture and one is a Snap). If we find that you have submitted any duplicate or near-duplicate proposals across different formats, **all** of your submissions will be **disqualified**.
 - **Listen & Learn Lecture** (30-minute lecture plus 15-minute audience Q&A): Lectures are the standard conference session type where subject-matter experts present to attendees with minimal on-stage group discussions. Must have minimum 1 and maximum 2 speakers.
 - **Engaged Exchange Panel** (45-minute panel discussion plus 15-minute audience Q&A): This format is ideal for panel discussions. Panels provide opportunities to learn from multiple subject-matter experts. Must have 1 moderator + 2-4 speakers, i.e., 3-5 presenters total.
 - **Snap Session** (15-minute presentation plus 5-minute audience Q&A): Snap Sessions are short and thought-provoking. SWE typically schedules 2-3 snap sessions in a row, arranged according to themes. Must have minimum 1 and maximum 2 speakers.

- What the topic is and why it's important,
- The purpose of the session, and
- What will be included in the session.

Remember that not everyone works in the same industry. Do not assume that the reader is familiar with all technical terms, acronyms, etc. The Session Description is evaluated based on: (5 points) Being focused and concise, and (5 points) Being relevant and interesting.

Learning Outcomes Task

- 1-3. *** LEARNING OUTCOMES** (5 points) – Learning outcomes are measurable statements that describe what **attendees** should be able to do after participating in your session (**not** what presenter(s) will do during the session). Each session is evaluated based on the learning outcomes **being clearly stated and achievable with instruction**. [Further information on how to write effective learning outcomes](#).

Session-Specific Speaker Qualifications Task

1-5. * **SESSION-SPECIFIC SPEAKER QUALIFICATIONS** (5 points) – For each presenter on this session, enter **their first and last name, and their qualifications to present on this topic**. Bullet points and simple sentences are ok. This is **different from a full professional bio**, which will be entered later.

Reviewers will view this information. Reviewers need to see: (1) presenter first and last names, in order to understand whether they have a conflict of interest with this session/ these presenters; and (2) presenters' qualifications on this particular session topic, in order to assess all proposed speakers' ability to present on this topic. Failure to enter qualifications for all proposed speakers, or entry of placeholder text (e.g., "will submit qualifications later"), will result in a deduction in the Speaker Qualifications category.

For example, for a session on AI, the following speaker qualifications might be listed:

- **Jane Doe** is Senior Technical Leader of AI Projects for Fictional Company
- Has 10 years' experience AI implementations in web projects
- Currently researching new fractal models for AI
- Previously presented on unique benefits and challenges of AI at Fiction Conference 2024

Video - Link Input Task

1. * **VIDEO PITCH** (0 points) - Submit a video pitch (max. 90 seconds) illustrating (1) why the topic is of interest to attendees, and (2) the speakers' comfort with public speaking. SWE recommends using Zoom, Teams, Google Meeting, or Webex to record the video. Alternatively, you may submit a sample video excerpt (max. 90 seconds) from a past speaking event if the speaker lineup was highly similar to the speaker lineup you are proposing here.

Please submit your video pitch as a streaming link. If you currently have a video file (.mov, .mp4, etc.), please upload it to a streaming platform of your choice, such as Vimeo (see <https://vimeo.com/upload>) or YouTube, then enter the streaming URL in this Task. If the streaming link is password-protected, please be sure to include the password within this Task.

Speaker Information Task

1-10. * **SPEAKER INFORMATION** - For each presenter, enter the information listed below.

- **Listen & Learn Lectures** and **Snap Sessions** must have 1 or 2 Speakers.
- **Engaged Exchange Panels** must have 1 Moderator + 2-4 Speakers, i.e., 3-5 Presenters total.
- All sessions may optionally list up to 5 Auxiliary Contacts, i.e., additional persons/email addresses who will be notified whether this session is accepted for presentation at WELPune26. We only need name, email, and role for Auxiliary Contacts; you're welcome to enter placeholder values for Auxiliary Contacts' other fields.
- We recommend that all persons listed in this Speaker Information Task add cfp@swe.org to their email contacts to prevent their session notification from going to Spam.
- **Important:** If this session is accepted for presentation at WELPune26, the numerically first person in your Speaker List is the one who must complete several crucial session-info tasks (Session Agreement, Schedule Availability, and PowerPoint Upload). **Use the up/down arrows in the Speaker Information Task to ensure that a reliable point person is listed first.** If this session is accepted for presentation at WELPune26, you will have the opportunity to change your presenter order later.
- **Important:** Do **not** duplicate your content with slightly different Speaker Lists (e.g., submitting the same submission twice, but once with speakers Jane Doe and Emily Martinez, and another submission with Jane Doe and Frieda Smith). If we find that you have submitted any duplicate or near-duplicate proposals with slightly different speaker lists, **all** of your submissions will be **disqualified**.

Frequently Asked Questions

1. Can I submit more than one proposal?

Yes, with two caveats:

- a) To provide opportunities to as many people as possible, SWE tends not to accept more than one session per person. However, submitting multiple proposals may increase your chances of being selected, especially if submitting together with other speakers.
- b) Your multiple proposals must be meaningfully **different**. SWE does not accept duplicate proposals. For instance, if you are uncertain whether your session should be a Listen & Learn Lecture or a Snap Session, you must choose one, **not** duplicate the content to propose it once as a Lecture and once as a Snap. If you submit any duplicate or near-duplicate proposals, **all** your submissions will be **disqualified**.

2. Does WE Local accept speakers who do not identify as women?

We accept submissions from all gender identities and particularly encourage submissions from groups that are underrepresented in engineering and technology.

3. Do speakers need to be SWE members?

Speakers do not need to be SWE members to submit a proposal or speak at the conference.

4. How do I participate in the Poster Competition?

The Poster Competition process is entirely separate from the CFP Breakout Session process. Please visit [WE Local Posters](#) to get a sense of Poster content and the Poster process at WE Conferences.

5. How do I submit a Keynote presentation proposal?

The Keynote selection process is entirely separate from the CFP Breakout Session process, and usually occurs at least one year before the conference. Please visit [WE Local Keynotes](#) to get a sense of Keynote presentations and the Keynote process at WE Conferences.

6. Does SWE offer an honorarium to speakers who are selected through the CFP submission process?

No. Speakers selected through the CFP submission process must self-fund their travel, lodging, and all other expenses. SWE does not reimburse costs or offer any stipends or CFP speaker fees.
