

Are You a Presenting Author?

YES

NO

Will your data sets and results be complete by November 3, 2025?

Only Presenting Authors can submit. Please contact your presenting author to submit.

YES

NO

You will submit an abstract to PAS 2026.

Can you answer "YES" to the following criteria?

- The presenting/first author must be a medical trainee who is currently enrolled in a residency or fellowship program. They must be the submitter. Medical students and non-physician trainees are not eligible.
- Your mentor is a co-author for this submission.
- The project must be IRB approved or exempt with a statement to that effect. IRB pending will not be accepted.
- Data collection for analysis must be complete at the time of submission. Data analysis for pilot projects with a small sample size or preliminary results is acceptable.
- Your submission includes a completed Background, Objective, Design/Methods.
- Completion of data analysis/results is incomplete as of today, but will be complete by January 31, 2026.

YES

NO

Your submission fits the criteria to submit a Trainee Ongoing Projects (TOP) Poster to PAS 2026.

Your submission does not fit the criteria to submit a Trainee Ongoing Projects (TOP) Poster to PAS 2026.
