Embargoes on poster abstracts lift after the final viewing window of the posters at the conference. All posters submitted follow these same policies; there are no exceptions.

14. What is Psych Congress Elevate's AI policy?

Authors are permitted to use AI:

15. Are encore abstracts/posters accepted?

Yes, encore abstracts/posters can be submitted and will be considered.

16. Are abstracts/posters published?

For accepted submissions, the Poster titles, abstracts, and authors will be available/posted on the event app about two weeks before the event. However, poster details will not be included on the event website. Instead, all the previously listed poster information will be published on HMP Global's Psychiatry & Behavioral Health Learning Network approximately 30-60 days after the event ends and remain there indefinitely unless requested to be taken down. They will be publicly available to access without a login.

17. If I add a PDF version of my poster to upload to the app how does that work, and can I add or change it later?

For accepted posters, we request if you want a PDF version visible on our app to have it included in the management system by May 18th. As long as a draft is included by May 18th, the Psych Congress Elevate team will confirm and test that it is pulling over into the event app for visibility.

However, if nothing is submitted by then, we cannot guarantee that later additions will be included in the app. You are welcome to adjust any items in the management system including the PDF copy, up until the start of the event on June 3rd. We will periodically sync updates every 2-3 business days. Once the conference starts, we can't guarantee the frequency of syncs, so we recommend having everything finalized by June 3rd.

Elevate does not offer or have any printing services but there is a FedEx Office Print & Ship Center in Caesars Palace that might be able to assist you with printing. You must arrange that service yourself.

19. Am I able to submit and present multiple posters at the conference?

Yes, but we recommend not having more than 3 posters, as it makes interacting with attendees during presentation times difficult.

20. Are Branded names allowed on posters?

Yes

21. What size should I make my poster?

Poster boards will be 4' H x 8' W, we do recommend staying around 42" H x 90" W to avoid going over the attachable surface area.
